STATE WILL SPEND \$200,000 ON PLAN

Will Expend Big Sum for New Home Economics School at Purdue.

LAFAYETTE, Ind., July 12.—Indiana is preparing to spend \$200,000 on an institution to educate home makers. This institution will be the new home economics school at Purdue university. The high cost of building is delaying the construction of the structure in which the school will be located, but the board of trustees plans to have the work completed by September, 1922. Plans for the building have been drawn up and bids will be received this fall.

Home economics instruction has been given at Purdue for several years, but with the completion of the new structure, the course will be enlarged. Not all of the instruction will deal with the making of a home, but the students will also be trained as dietitians in hospitals, managers of lunch rooms and general social workers. The new building will include two work rooms for sewing classes, three class rooms, a textile room, two rest rooms, cooking laboratories, a dining room and home nursing and food chemistry laboratories. Of the 300 women enrolled in Purdue last year practically all made home economics their major subject, studying the subjects of nutrition, cooking, sewing, designing, millinery, home nursing, child welfare, household management and lunch room management.

URGES RELIEF FOR DISABLED SOLDIERS

New Legion Commander Says Aid Necessary—Will Take Action.

INDIANAPOLIS, July 12.—Some immediate relief is necessary for financial disabled ex-service men, according to John G. Emery, new national commander of the American Legion. Jobs for the soldiers are desired, Mr. Emery says, and he plans some action toward extending the Legion's work as an employment agency for veterans of the world war. "We are going to get the legionnaires who are out of work and sleeping on park benches in New York city and other congested centers of population to Kansas and other states, where men are badly needed to harvest the crops," says Mr. Emery. Plans for carrying out this program are under consideration at national headquarters of the Legion. According to Mr. Emery, some action will be taken at the earliest possible moment to alleviate the condition of the unemployed veterans.

BEGIN ORGANIZATION OF GUARD REGIMENT

INDIANAPOLIS, July 12.—Allocation of the different units, which will make up the 152nd infantry of the new Indiana national guard will be undertaken soon by Adj. Gen. Harry B. Smith. Authorization for the organization of this regiment was recently received by Gen. Smith from the war department. The organization of the 152nd infantry is now practically completed. The different units are being inspected by officers of the U. S. army. A maximum of 65 members is necessary for formation of a company for the new regiment. Former service men will be permitted to enlist for one year if they have had more than six months of service. Men who have not had previous service are required to enlist for three years.

YOUNG MAN HELD PENDING PROBE

INDIANAPOLIS, Ind., July 12.—Fifteen-year-old Jesse Halderman was still unconscious here today from injuries he sustained when he leaped from an automobile driven by Ned Spinks, 19, near Bloomfield last night. Spinks is being held by police at Bloomfield pending the outcome of the girl's injuries. He is said to have admitted refusing to stop the car when the girl asked him to let her out.

WOMAN TRIES TO VOTE TWICE

ANDERSON, Ind., July 12.—A negro today faced a charge of attempting to vote twice in the city primary election here. She was accused of voting once and then trying to repeat. Indications upon the face of incomplete returns were that the democrats nominated Jesse H. Mellett for mayor and the republicans named Blanchard J. Horne.

POLICE OFFICER SERIOUSLY HURT

ANDERSON, Ind., July 12.—John J. Galther, 65, patrolman, of Muncie was reported in a critical condition in a hospital here today and it was regarded doubtful if he recovers from fracture of the skull and other injuries received when an automobile bearing a party of Muncie police, returning from the funeral of G. W. Windoffer, a local patrolman, collided with a bridge two miles east of Anderson. Harry Hope, driver of the car, struck a steel beam of the bridge.
